

Marathon effort for Sense International

Monday 27th April 2009

Cornwallis Elt Director Russell McIntyre and Consultant Toby Smith both successfully completed the Flora London Marathon yesterday on a hot and sunny spring day.

Both ran on behalf of Sense International, a small charity who support deaf blind children and their families in the developing world.

In total they have raised around £8500 so far, an amazing amount that will make a big difference to some very unfortunate people. There are some photographs below including of Russell in fancy dress as a punk rocker!
