New Financial Controller

Monday 18th January 2010

We are extremely pleased to announce the addition of Wayne St.John to the management team who joins us as Financial Controller.

Wayne replaces Neeta Gadhia who had been with the company since its inception and will take over the running of the finance and back office administration departments of the company.

Wayne has also previously worked in the recruitment industry (as well as having gained wide commercial experience) and will take on a specific remit to help develop and strengthen our management information reporting capabilities and bridge the gap between the front and back office of the business.
